

## Poster Exhibition List for ISCP2023

### Congratulations on being nominated as a Poster Exhibition!

**[Notice]**

1. We are pleased to provided you with the list of poster exhibitors for 'ISCP2023'
2. Please review your Submission No., Title, Name (affiliation, country) for accuracy.  
*(the list orders in Submission Code.)*
3. The final abstract for the material must be fill & submitted, as we sented document via iscp2023@into-on.com on Oct.20

*The file is a preliminary draft intended for the production of the program book, not for poster exhibition, we informs **that posters must be individually made and affixed in a designated place.***

No.	Submission Code	Country	Name	Topic Category	Title	Affiliation
1	ISCP2023-A-000019	India	Qulsoom Naz	14. Diabetes & Obesity	Eating as well as sleeping late is Associated with Obesity, Inflammatory Markers and Circadian Disturbances in young diabetic adults	King Georges Medical University
2	ISCP2023-A-000022	Mongolia	Sunderiya Dalanbaatar	2. Anti-platelets and anticoagulation	Impact of pre-procedural loading dose of DAPT on left ventricular myocardial contractility and infarct size in patients with AMI who treated by primary PCI	Intermed Hospital Ulaanbaatar Mongolia
3	ISCP2023-A-000040	Malaysia	Zulhabri Othman	1. Ischemic heart disease/ coronary artery disease	Identification of Inflammatory Biomarkers in Premature Atherosclerosis Through Protein-Protein Interaction Network Analysis	Management and Science University
4	ISCP2023-A-000047	Malaysia	Ruth Naomi Manuel	14. Diabetes & Obesity	Proteomic Pathway Analysis: <i>Elateriospermum tapos</i> Yoghurt's Effect on Maternal Obesity	Universiti Putra Malaysia
5	ISCP2023-A-000055	Malaysia	Omilla Ragavan	6. Preventive Cardiology	Deciphering the potential mechanisms of <i>Alternanthera sessilis</i> red against Atherosclerosis using Network Pharmacology and Molecular Docking approach	Faculty of Medicine and Health Sciences, Universiti Putra Malaysia
6	ISCP2023-A-000058	Hungary	Oumaima El Alaoui El Abdallaoui	2. Anti-platelets and anticoagulation	Impact of Dual Antiplatelet Therapy Abatement Strategies in Patients Undergoing Coronary Intervention: A Systematic Review and Network Meta-Analysis.	Faculty of Health Sciences, University of Pecs
7	ISCP2023-A-000062	Malaysia	Yoke Keong Yong	12. Basic science and genetics	Omentin Suppresses Oxidative Stress-induced Endothelial Hyperpermeability Through Inhibition of F-Actin Reorganization	Department of Human Anatomy, Faculty of Medicine and Health Sciences, Universiti Putra Malaysia, 43400 Serdang, Selangor, Malaysia
8	ISCP2023-A-000069	Korea	Chaiho Jeong	15. Hyperlipidemia and CVD	Optimal LDL cholesterol levels in young and old patients with type 2 diabetes for secondary prevention of cardiovascular diseases are different	Department of Internal Medicine, College of Medicine, The Catholic University of Korea, Seoul
9	ISCP2023-A-000071	Thailand	Krittin Bunditanukul	6. Preventive Cardiology	Effect of <i>Vernonia cinerea</i> lozenges as a smoking cessation aid in patients with non-communicable diseases.	Department of Pharmacy Practice, Faculty of Pharmaceutical Sciences, Chulalongkorn University
10	ISCP2023-A-000073	Mongolia	Bum-Erdene Batbayar	1. Ischemic heart disease/ coronary artery disease	Impact of in-hospital initiation of beta-blocker on left ventricular myocardial performance in patients with cardiogenic shock complicating ST-segment elevation myocardial infarction	Intermed Hospital
11	ISCP2023-A-000076	Indonesia	Elfina Rachmi	14. Diabetes & Obesity	<i>THE EFFECT OF OMEGA-3 FATTY ACIDS SUPPLEMENTATION IN IMPROVING GLYCEMIC CONTROL FOR TYPE 2 DIABETES PATIENTS: AN EVIDENCE BASED CASE REPORT</i>	Persahabatan Hospital Jakarta Indonesia
12	ISCP2023-A-000080	Thailand	Poukwan Arunmanakul	3. Heart failure with reduced ejection fraction and preserved ejection fraction	Adding Tolvaptan in the Inpatient Treatment for Patients with Heart Failure and Hyponatremia: Budget Impact Analysis in Thailand	Faculty of Pharmacy Chiang Mai University
13	ISCP2023-A-000081	Korea	sang mi noh	1. Ischemic heart disease/ coronary artery disease	Significance of calcification in cerebrovascular and cardiovascular diseases	the catholic university of korea Stvincents hospital
14	ISCP2023-A-000089	Thailand	Supharat Wattanasombat	2. Anti-platelets and anticoagulation	Development of a Surveillance System for NOACs-related Adverse Event Monitoring	Chiangrai Prachanukroh Hospital Thailand
15	ISCP2023-A-000092	Korea	Young Choi	2. Anti-platelets and anticoagulation	Aspirin versus clopidogrel as a combination therapy with direct oral anticoagulant after coronary stent implantation in patients with atrial fibrillation	Seoul St Marys Hospital
16	ISCP2023-A-000093	Thailand	Junporn Kongwatharapong	2. Anti-platelets and anticoagulation	Assessment of Direct Oral Anticoagulant Use and Clinical Outcomes among Patients with Renal Impairment at Faculty of Medicine Siriraj Hospital, Mahidol University, Thailand	Inpatient Pharmaceutical Care, Pharmacy department, Faculty of Medicine Siriraj Hospital
17	ISCP2023-A-000094	Thailand	Preyanate Wilairat	2. Anti-platelets and anticoagulation	Efficacy and safety of different dual antiplatelet strategies in patients undergoing percutaneous coronary intervention: a systematic review and network meta-analysis.	University of Phayao
18	ISCP2023-A-000095	Korea	Soohyun Kim	7. Cardiac arrhythmias	Outcomes of Patients who underwent Hemopericardium during Ablation for Atrial Fibrillation: the impact of colchicine treatment	Seoul StMarys hospital, Catholic University of Korea
19	ISCP2023-A-000098	Thailand	phornwinee somsap	3. Heart failure with reduced ejection fraction and preserved ejection fraction	Contemporary Treatment Patterns for Heart Failure Patients and Drug Related Problems in Tertiary Care Hospital, Northern Thailand	Maharaj Nakorn Chiang Mai Hospital

20	ISCP2023-A-000099	Indonesia	Lily Indriani Octovia	14. Diabetes & Obesity	The Effect of Probiotic Supplementation on Reducing Food Addiction in Obesity: An Evidence-Based Case Report	Dr Cipto Mangunkusumo Hospital
21	ISCP2023-A-000102	India	Vikas Kumar	4. Cardiomyopathies	Solid lipid nanoparticle of hesperidin exerts Streptozotocin-Induced Cardiomyopathy via inflammatory pathway	SAM HIGGINBOTTOM UNIVERSITY OF AGRICULTURE, TECHNOLOGY SCIENCES
22	ISCP2023-A-000103	Indonesia	Rosinta Hotnmaida Pebrianti Purba	6. Preventive Cardiology	Revealed intermittent fasting benefit: How does the systematic review suggest hypertensive patients should undergo the most effective fasting?	LearningUp Institute
23	ISCP2023-A-000104	Thailand	Ubonwan Sapoo	2. Anti-platelets and anticoagulation	The Impact on Efficacy and Safety of Patients Receiving Oral Anticoagulant Medication (Warfarin) during the COVID-19 Pandemic.	Maharat nakhornratchasima hospital
24	ISCP2023-A-000105	Thailand	Dhorn Amnuayphonwiwat	3. Heart failure with reduced ejection fraction and preserved ejection fraction	Impact of pharmacist and multidisciplinary team to optimizing guideline-directed medical therapy for patient with heart failure with reduced ejection fraction in heart failure clinic setting :Thailand	Faculty of Medicine Siriraj Hospital Mahidol University
25	ISCP2023-A-000106	Korea	Jinyoung Kim	14. Diabetes & Obesity	The Association Between Life Style Changes and Remission in New-onset Type 2 Diabetes: A Nationwide-cohort Study	Catholic University of Korea
26	ISCP2023-A-000107	Korea	HYUNG TAE KIM	8. Peripheral arterial disease	Permeability evaluation with nanofibered graft	SNG BIOTECH INC
27	ISCP2023-A-000108	Pakistan	Muhammad Kamran Hanif Khan	1. Ischemic heart disease/ coronary artery disease	Associations between diet and coronary artery disease risk factors among the general population and CAD patients	Xian Jiaotong University xian China
28	ISCP2023-A-000109	Thailand	Thanaporn Khumsawang	2. Anti-platelets and anticoagulation	Telepharmacy in Telehealth Services Project by Telephone: Cardiovascular and Thoracic (CVT) Mobile Clinic at Tertiary-Care Hospital, Thailand.	Faculty of Medicine Siriraj Hospital, Mahidol University
29	ISCP2023-A-000110	Indonesia	Ramlah Ramlah	7. Cardiac arrhythmias	Genetic Analysis of Pharmaceutical Composition For Preventing or Treating Cardiac Arrhythmias	Universitas Sulawesi Barat
30	ISCP2023-A-000115	Japan	Shunsuke Kiuchi	4. Cardiomyopathies	Actual condition of ATTR cardiac amyloidosis -single center experience-	Department of Cardiovascular Medicine, Toho University Graduate School of Medicine
31	ISCP2023-A-000116	Japan	Maki Komiyama	6. Preventive Cardiology	Effects of Smoking Cessation on the Levels of Immunoglobulin Free Light Chain—A Novel Biomarker of Inflammation—	Clinical Research Institute, National Hospital Organization Kyoto Medical Center
32	ISCP2023-A-000117	Mongolia	Nomindari Jargalsaikhan	5. Cardio-renal syndromes	Interaction between renal and right ventricular function and their early prognostic relevance in patients with cardiogenic shock complicating AMI	Third State Central Hospital
33	ISCP2023-A-000119	Malaysia	Ain Nabila Syahira Shamsol Azman	6. Preventive Cardiology	Utilizing an Integrated Network Pharmacology and Molecular Docking Approach to Identify Active Components and Mechanism of Malaysian Tualang Honey in Mitigating Atherosclerosis	Faculty of Medicine and Health Sciences Universiti Putra Malaysia
34	ISCP2023-A-000121	Japan	TERUHIKO IMAMURA	10. Geriatric pharmacology	Clinical Implication of Polypharmacy following TAVR	University of Toyama
35	ISCP2023-A-000122	India	Dr Imkongtenla Pongen	12. Basic science and genetics	Association of angiotensin converting enzyme I/D (ACE) gene polymorphism with hypertension among the Ao community of Nagaland	Anthropological Survey of India
36	ISCP2023-A-000123	India	Dr Likhan Chandra Doley	16. Epidemiology	Urban-rural habitat and socio-demographic predictors of hypertension among the Ao Nagas of Nagaland, India	Anthropological Survey of India
37	ISCP2023-A-000126	Korea	SeungHyun Ko	16. Epidemiology	Uncontrolled hypertension is associated with increased risk of ESRD in post-percutaneous coronary intervention (PCI) patients with type 2 diabetes; a nationwide population-based study	St Vincents Hospital, The Catholic University of Korea
38	ISCP2023-A-000127	Thailand	WARAPORN SUCHARITAKUL	2. Anti-platelets and anticoagulation	Utilization Patterns of New oral anticoagulants (NOACs) among Patients at Fort Suranari Hospital	Fort suranari hospital
39	ISCP2023-A-000128	Korea	MD SOFEQUL ISLAM MUKIM	12. Basic science and genetics	Bioactive compounds from African medicinal plants targeting SARS-CoV-2 3CL <sub>pro</sub> and their molecular docking Study	Korea Institute of Science and Technology KIST
40	ISCP2023-A-000133	Spain	PAOLA ROJAS	4. Cardiomyopathies	MIHCAT: REGISTRY OF HYPERTROPHIC CARDIOMYOPATHY IN CATALUÑA: GLOBAL RESULTS	Parc Tauli University Hospital
41	ISCP2023-A-000140	Korea	Yuki Gen	11. Women's heart health	Maternal Atrial Fibrillation Risk After Delivering Low-Birth-Weight Infants	St Vincents Hospital, College of Medicine, The Catholic University of Korea
42	ISCP2023-A-000141	Malaysia	Hazwani Ismail	2. Anti-platelets and anticoagulation	Factors Associated with Effectiveness and Safety of Oral Anticoagulant Therapy in Elderly Population	University Putra Malaysia
43	ISCP2023-A-000144	Malaysia	Hazwani Ismail	1. Ischemic heart disease/ coronary artery disease	Outcomes Of Anticoagulation Therapy Among Post Primary Percutaneous Coronary Intervention (PCI) Patients With Acute ST Elevation Myocardial Infarction (STEMI)	University Putra Malaysia

44	ISCP2023-A-000145	Thailand	watsit chaipatiwat	3. Heart failure with reduced ejection fraction and preserved ejection fraction	TIME IN THERAPEUTIC RANGE OF CYCLOSPORINE AND ACUTE CELLULAR REJECTION DURING THE FIRST YEAR AFTER HEART TRANSPLANTATION	chulalongkorn university
45	ISCP2023-A-000146	India	Pardeep Kumar	12. Basic science and genetics	Antidiabetic role of vanadate nanoparticles on oxidative stress and metabolic function in fat-fed and streptozotocin-treated rats	Shri Maha Maya Vaishnav Devi Research Institute
46	ISCP2023-A-000147	Japan	HARUKI SEKIGUCHI	3. Heart failure with reduced ejection fraction and preserved ejection fraction	Optimized settings for adaptive servo-ventilation in patients with severe heart failure based on echocardiography	Tokyo Womens Medical University
47	ISCP2023-A-000152	India	Pardeep Kumar	1. Ischemic heart disease/ coronary artery disease	Impacts of gastric bypass versus gastric restrictive surgery in obese patients with coronary heart disease	Shri Maha Maya Vaishnav Devi Research Institute
48	ISCP2023-A-000153	India	Vikas Sharma	15. Hyperlipidemia and CVD	Study of vitamin D levels, pancreatobiliary diseases factors and inflammation data in school going adolescents relation to non-alcoholic fatty liver disease patients	IDC Research center
49	ISCP2023-A-000154	India	Vikas Sharma	17. Precision medicine/ Digital healthcare	Role of wearable technology and geo-fencing device are a boon for postmenopausal women with pulmonary hypertension	IDC Research center
50	ISCP2023-A-000156	India	Ankush Kumar	12. Basic science and genetics	Effects of dehydroepiandrosterone administration on metabolic homeostasis and lipid profile status after sleeve gastrectomy in male rats	Shakuntla Hospital And Research Center
51	ISCP2023-A-000157	Korea	Seung Woon Rha	14. Diabetes & Obesity	Comparison of Atorvastatin and Pitavastatin Therapy in Acute Myocardial Infarction Patients with Diabetes Mellitus After Successful Percutaneous Coronary Intervention	Korea University Guro Hospital, Seoul, Korea
52	ISCP2023-A-000158	Korea	Seung Woon Rha	17. Precision medicine/ Digital healthcare	Machine Learning Model for Predicting Mortality in Acute Myocardial Infarction Patients managed with or without Beta-Blocker	Korea University Guro Hospital, Seoul, Korea
53	ISCP2023-A-000161	Korea	Seung Woon Rha	1. Ischemic heart disease/ coronary artery disease	The impact of RAS inhibitor uses on clinical outcomes by GRACE Score in STEMI patients who undergoing successful PCI with drug-eluting stents	Korea University Guro Hospital, Seoul, Korea
54	ISCP2023-A-000162	India	Deeksha Chauhan	12. Basic science and genetics	Umbelliferone exerts Doxorubicin induced Heart Failure and fibrosis via regulation of apoptosis and autophagy	Rajkamal Science Management College
55	ISCP2023-A-000164	Korea	Hyojin Lee	7. Cardiac arrhythmias	Outcomes of On-label Reduced-Dose Edoxaban in Octogenarian Patients with Atrial Fibrillation	Department of Internal Medicine, Heart Vascular and Stroke Institute, Samsung Medical Center
56	ISCP2023-A-000165	Indonesia	I Gede Aswin Parisya Sasmana	4. Cardiomyopathies	Safety and Efficacy of Standard Iron Chelators Conjugated with Calcium Channel Blocker in Patient with Chronic Blood Transfusion-Induced Cardiac Iron Overload: A Meta-Analysis	Udayana University
57	ISCP2023-A-000169	Korea	Su Hyun Lee	7. Cardiac arrhythmias	Comparison of high- and low-dose rivaroxaban regimens in elderly East Asian patients with atrial fibrillation	Samsung Medical Center Sungkyunkwan University School of Medicine
58	ISCP2023-A-000170	Korea	Jinyoung Oh	2. Anti-platelets and anticoagulation	Blood viscosity levels differ depending on the potential cause of stroke in stroke of undetermined etiology	Sanggye Paik Hospital Inje University College of Medicine Seoul Korea
59	ISCP2023-A-000171	Philippines	Vivien Louise R. Haduca	16. Epidemiology	Correlation Between Patient-Doctor Relationship and Medication Adherence of Hypertensive Filipinos	University of the East Ramon Magsaysay Memorial Medical Center College of Medicine
60	ISCP2023-A-000173	India	Sumit Rajput	15. Hyperlipidemia and CVD	Protective Role of Linum Usitatissimum Seed Extract on Oxidative Stress And Heart Function in Type 2 Diabetic Patients	B V Deemed University
61	ISCP2023-A-000174	Thailand	Wattana Wongtheptian	2. Anti-platelets and anticoagulation	The result of starting stroke prevention in atrial fibrillation in the community hospital	Chiangrai Prachanukroh Hospital Thailand
62	ISCP2023-A-000176	India	Ranbir Singh	10. Geriatric pharmacology	Role and relationship between vitamin D and arterial stiffness in non-dialysis-dependent chronic kidney disease in old aged patients	Shri Maha Maya Vaishnav Devi Mandir Research Institute
63	ISCP2023-A-000180	Japan	Nene Takahashi	3. Heart failure with reduced ejection fraction and preserved ejection fraction	Compound X, an Extract of the Natural Compound Sansho, Prevents Pressure Overload-induced Systolic Dysfunction in Mice	Department of Molecular Pathophysiology, Faculty of Pharmaceutical Sciences, University of Shizuoka
64	ISCP2023-A-000181	India	Rohit Rajput	14. Diabetes & Obesity	Effects of calorie restriction diet on blood glucose regulator treatment for patients with post-gastric bypass	Shakuntla Hospital And Research Center
65	ISCP2023-A-000182	Kazakhstan	Anuar Zhunussov	1. Ischemic heart disease/ coronary artery disease	CLINICAL CASE OF A PATIENT WITH POLYCYTHEMIA VERA COMPLICATED BY SEVERE HEART FAILURE	National Scientific Medical Centre
66	ISCP2023-A-000183	Indonesia	Rosinta Hotmaida Pebrianti Purba	9. Pulmonary hypertension	Depression Level Among Elderly with Hypertension Disease and Kidney Function Decrease	Universitas Gadjah Mada
67	ISCP2023-A-000184	Indonesia	Ester Marnita Purba	6. Preventive Cardiology	Early detection of hypertension disease: How community-based health centers (puskesmas) take the important role among 17k islands in Indonesia?	Alumnus of Widya Mataram University

68	ISCP2023-A-000185	Indonesia	Ester Marnita Purba	14. Diabetes & Obesity	The Prevalence and Risk Factors of Gestational Diabetes (GDM) among Pregnant Women in Low-Income Countries	Alumnus of Widya Mataram University
69	ISCP2023-A-000187	Indonesia	Lintong Hottua Simbolon	16. Epidemiology	Women Bargaining Power and Hypertension Prevalence in Children and Adolescents	Alumnus of University of Lampung
70	ISCP2023-A-000188	Indonesia	Lintong Hottua Simbolon	12. Basic science and genetics	The Impact of Large-Scale Social Restrictions Regulation Toward the Prevalence of Hypertension among Aging Population	Alumnus of University of Lampung
71	ISCP2023-A-000189	Indonesia	Hepri Ardianson Purba	16. Epidemiology	How Religiosity Have Positive Association with Mental Health and Derive Quality of Live Hypertensive Patients: A Systematic Review	Alumnus of University of Lampung
72	ISCP2023-A-000190	Indonesia	Hepri Ardianson Purba	10. Geriatric pharmacology	How the Caregiver Status Could Increase the Quality of Life Among Hypertensive Elderly with Dementia Status?	Alumnus of University of Lampung
73	ISCP2023-A-000191	India	Saroj saroj	12. Basic science and genetics	Anti-hypertensive and renoprotective effects of Inulin-type fructans on vascular function In L-NAME-Induced Hypertensive Rats	U T University
74	ISCP2023-A-000193	Thailand	Pattawan Kosuma	2. Anti-platelets and anticoagulation	The prediction model for the initial dose warfarin in patients undergoing Heart Valve Surgery.	Naresuan University
75	ISCP2023-A-000195	Indonesia	Rizki Rachmad Saputra	15. Hyperlipidemia and CVD	Bajakah's Healing Code: Unveiling the Power of 6-Methoxyeriodictyol, Taxifolin, and Cajanin as Potential HMG-CoA Reductase Inhibitors. A Computational Odyssey from Traditional Wisdom to Scientific Validation	Universitas Palangka Raya
76	ISCP2023-A-000197	Korea	Bongseong Kim	16. Epidemiology	Association Between Cardiovascular Disease and Elevated Suicide Risk: A Population-Based Study	The Catholic University of Korea
77	ISCP2023-A-000198	Japan	amiho muramatsu	4. Cardiomyopathies	Kampo medicine, orengedokuto, suppresses Doxorubicin-induced cardiotoxicity.	medical pharmacology, tokushima university
78	ISCP2023-A-000199	Indonesia	Rian Ka Praja	2. Anti-platelets and anticoagulation	Bibliometric analysis on natural products with antiplatelet activity	Faculty of Medicine, Universitas Palangka Raya
79	ISCP2023-A-000201	Korea	Eun Jung Rhee	1. Ischemic heart disease/ coronary artery disease	Relationships of metabolic factors with coronary artery calcium score in 182,008 Korean adults: cross-sectional observational study	Kangbuk Samsung Hospital Sungkyunkwan University School of Medicine
80	ISCP2023-A-000202	Japan	Masafumi Funamoto	6. Preventive Cardiology	Effects of curcumin for the prevention of hypertensive heart disease	Division of Translational Research, Clinical Research Institute, National Hospital Organization Kyoto Medical Center
81	ISCP2023-A-000203	Indonesia	Rinita Istiqomah	14. Diabetes & Obesity	Relationship of Diabetes Cases to Hypertension in Jambi Province in 2022	Yogyakarta State University
82	ISCP2023-A-000205	India	Rahul Kumar	12. Basic science and genetics	Protective mechanism of Cinnamaldehyde in pulmonary artery hypertension model of rat	J K College
83	ISCP2023-A-000207	Korea	Jin Hyung Jung	14. Diabetes & Obesity	The risk of atrial fibrillation according to the disabilities in patients with type 2 diabetes	Sungkyunkwan University School of Medicine
84	ISCP2023-A-000208	Indonesia	Rizkania Ikhsani	1. Ischemic heart disease/ coronary artery disease	Hypertension in Coronary Artery Disease Patients as a Risk Factor to Have Lower Diastolic Blood Pressure Immediately after Exercise	Hasan Sadikin General Hospital
85	ISCP2023-A-000212	Indonesia	Andi Nursanti	6. Preventive Cardiology	Pharmacological Effects of Coriander Tea as a Cardiovascular Health Supplement	Wallacea University
86	ISCP2023-A-000213	Indonesia	Digita Natarina Yudharaputri	11. Women's heart health	Atherosclerosis in Women: Menopause as a Risk Factor, Fact or Myth?	Hasan Sadikin General Hospital West Java Indonesia
87	ISCP2023-A-000214	Sweden	Rifaldy Fajar	14. Diabetes & Obesity	Comprehensive Obesity Risk Assessment through Deep Learning Analysis of Multi-Modal Wearable Sensor Data: An Innovative Approach for Predictive Modeling and Intervention Strategies	Karlstad University
88	ISCP2023-A-000215	Indonesia	Digita Natarina Yudharaputri	1. Ischemic heart disease/ coronary artery disease	Serum Creatinine and Coronary Plaque on Atherosclerosis, More or Less?	Hasan Sadikin General Hospital West Java Indonesia
89	ISCP2023-A-000219	Indonesia	Digita Natarina Yudharaputri	5. Cardio-renal syndromes	Change in Estimated GFR Associates with Coronary Plaque Atherosclerosis on Coronary Computed Tomography Angiography	Hasan Sadikin General Hospital West Java Indonesia
90	ISCP2023-A-000220	Indonesia	Riska Dwi Astuti	14. Diabetes & Obesity	Obese Adolescents and Seventeen Years Later	Universitas Islam Indonesia
91	ISCP2023-A-000223	Indonesia	Muhammad Hasanul Haq	2. Anti-platelets and anticoagulation	The Potency Of Sesame Active Ingredients, Sesamololn, as the Antiplatelet Agents: A Study By Bioinformatics Approach	Department of Chemistry, Faculty Mathematics and Natural Sciences, Palangka Raya University

92	ISCP2023-A-000224	Malaysia	Jun Jie Tan	12. Basic science and genetics	The Effects of Co-injecting Human Induced Pluripotent Stem Cells-Derived Cardiomyocytes/Pre-Epicardial Cell into Cryoinjured Rat Hearts	USM ALPS Laboratory for Heart Research, Advanced Medical and Dental Institute, Universiti Sains Malaysia, 13200 Bertam, Kepala Batas, Malaysia
93	ISCP2023-A-000225	Indonesia	I Gede Aswin Parisya Sasmana	15. Hyperlipidemia and CVD	<i>Clitoria ternatea</i> Extract Potential Effect in Reducing Dyslipidemia and Improving Vascular Status in Rats Induced by High-Fat Diet	Udayana University
94	ISCP2023-A-000226	Indonesia	Ferza Alfath	4. Cardiomyopathies	Effect of Cardiovascular Drugs: Long-Term Effects in Men and Women	Alumnus Universitas Andalas
95	ISCP2023-A-000229	Indonesia	Sahnaz Vivinda Putri	11. Women's heart health	Assessing the Impact of Estradiol-Targeted Pharmacotherapy on Cardiovascular Health in Postmenopausal Women with Hypertension	International University Semen Indonesia
